SECTION 4: Ethnicity and Disability

It is not compulsory to complete this, but the paragraph below explains why this personal information is considered to be important.

Sport can and does play a major role in promoting the inclusion of all groups in society. However, inequalities have existed within sport, particularly in relation to gender, race and disability. Sport England and England Hockey are committed to promoting and developing sports equity, which is about fairness in sport, equality of access, recognising inequalities and taking steps to address them. By monitoring the profile of people in sports clubs, national governing bodies of sport and Sport England can identify any issues relating to under-representation of different groups and can develop strategies to ensure that all people have the opportunity in the future to develop and progress in sport. England Hockey requests this data from the county as part of the Single System JDC and JAC program. Completing this data accurately enables the county to give an accurate picture of our membership to England Hockey.
